**WOODROW WILSON'S WOBBLY WAYS**

"I am in a hurry for an opportunity to have a lineup and let the men who are thinking first to other countries stand on one side and all those that are for America first, last and all the time, on the other side."—President Woodrow Wilson, October 11, 1915.

Well, on which side would Prof. Wilson range himself? He now claims to be the President of Humanity, and an internationalist. This is an attitude inconsistent with putting America first all the time. The man who claims to love other countries as well as his own generally doesn't love any country at all. He has no loyalty to hyphenate. Prof. Wilson cannot at one and the same time be the prophet of Americanism and the apostle of internationalism.

#### BIG CROWD DISAPPOINTED

(Vanceburg Sun)  
An enormous crowd was in town Monday despite the bad weather, expecting to hear Senator Harding, of Ohio, but after he had been extensively advertised to speak here the State Committee sent word that he could not come but they would send Hon. Halbert P. Gardner, the newly elected Governor of Maine. While disappointed the crowd would have been satisfied to hear this gifted speaker, but he missed his train at Cincinnati and we were left entirely without a speaker.

The local Committee had the Maysville band on hand to furnish music and they entertained the crowd on the streets for some time and then went to the Court House where a big crowd followed them. Our local speakers seemed to be in poor voice or had cold feet, but Squire R. W. Higgins, of Mover, stepped into the breach and saved the day. Without a moments preparation he was introduced by J. P. Strother and made a rousing speech that sent the crowd home in a good humor. All honor to Squire Higgins. He will always have a warm spot in the hearts of Lewis County Republicans for his services in a time of need when all others faltered.

#### BOYD SELECTED TO MANAGE LOOSE LEAF WAREHOUSE, BACKED BY CINCINNATI

It was announced at the offices of the Cincinnati Leaf Tobacco Warehouse Company yesterday that the early opening planned for the company's new loose leaf warehouse at Hurricane, W. Va., would be deferred, probably until after December 1.

W. P. Boyd, of Carlisle, one of the best known tobacco men of the West Virginia section, has been appointed manager of the new warehouse and will sever his connection with the Liggett & Myers Company as buyer of leaf tobacco, a position which he has held for many years.

Mr. Boyd was connected with the local market several seasons ago and is well remembered by a great many of the local people.

#### HOW THIS MAN BEAT THE BANK

A storekeeper had a system of bookkeeping to beat the bank. He hung up two boots, one on either side of an old fireplace—because the fireplace had long been in disuse. In one boot he put all the money he received. In the other all his receipted bills. At the end of the year he thought by this means he could readily make up his accounts. He didn't. A sneak thief took the money out of one boot, and tossing the receipts from the other on the hearth set fire to them and destroyed them. When YOU keep your money in this Bank you have it where you can lay your hand on it at any time, and every check you draw on your Bank Account is a receipt for the payment you make.
